

## Yard Foreman

Full-time Position • Immediate Start

# Career Opportunity

Established in 2002, DyMark Industries is a diversified corporation specializing in the design, manufacture, finishing and erection of structural steel, miscellaneous metals and custom fabrication projects. We proudly serve the mining, construction, agriculture, government and weighing technology sectors.

At DyMark Industries, our guiding principles of quality, passion, respect, safety, growth and innovation play an important role in the work that we do and the clients we work with. We actively search for staff that support and enhance these principles to assist in moving the corporation forward. We thrive on tackling complex large-scale projects that will leave you with a sense of accomplishment when the work is done.

### Yard Foreman

#### Position Overview

The Yard Foreman is responsible to organize structural steel and miscellaneous metals as they are delivered and transported from the DyMark Industries compound to optimize physical space and maintain safety. This work will be mainly conducted using DyMark's forklift(s) and also involves moving of materials onto production line rollers to keep saws running consistently. The Yard Foreman also assists other members of the production team to complete work according to project specifications.

#### Required Education, Skills & Abilities

The successful candidate will possess previous forklift operator experience, and previous yard foreman experience is considered an asset. The successful candidate must have knowledge of how to load and unload materials safely, including how to secure cargo according to legislative requirements. Strong organizational and yard management skills are essential. The successful candidate must also possess strong communication skills, physical dexterity for loading and unloading steel, as well as the ability to work independently. A valid driver's licence is also required.

This position requires current forklift operator certification, overhead crane experience and WHMIS certification. To assist in the fabrication facility, the successful candidate must also have knowledge of blueprints, drawings and specifications, manuals and quality control processes. The successful candidate must possess skills in metric and imperial measurements to ensure quality standards are maintained, as well as proficiency in the operation of hoisting and lifting equipment.

Please note that DyMark Industries is engaged in work activities defined by *OH and S Regulations* as high hazard work. Due to the safety hazards associated with steel fabrication, building erection, and working at construction and mine sites, safety is a bona fide occupational requirement and DyMark Industries has a zero tolerance policy for any employee that reports to work impaired on any DyMark worksite. All employees must arrive to work fit for duty.

#### Why Work with Us

DyMark Industries is committed to an inclusive and diverse workforce. We encourage our employees to contribute to our company's continued growth and corporate sustainability through diverse ideas and backgrounds.

Our company offers competitive wages in a challenging work environment with opportunities for advancement, a comprehensive benefit plan, staff rewards and recognition, discretionary bonuses as well as staff appreciation events. We encourage employee growth through education and training programs. DyMark employees also receive 5 paid sick days per year and an additional paid statutory holiday observed at Christmas.

We thank all applicants for their interest; however, only those under consideration will be contacted for an interview.
